Pursuant to 37 C.F.R. §§ 1.56 and 1.97(d), Applicants bring to the attention of the Office the documents on the attached listing. This Information Disclosure Statement is being filed after a Notice of Allowance but before payment of the issue fee and is accompanied by a fee of \$180.00 as specified under § 1.17(p) and a statement as specified under § 1.97(e).

Each document listed in this Information Disclosure Statement was first cited in a communication from the Australian Patent Office in a counterpart foreign application, and this Information Disclosure Statement is being filed within three months of the mailing date of that communication.

The following constitutes the statement specified by Section 1.704(d) required to avoid a negative patent term adjustment. Each item of information contained in this Information Disclosure Statement was first cited in any communication from a Foreign patent office in a counterpart application, and this communication was not received by any individual designated in § 1.56(c) more than thirty days prior to the filing of this Information Disclosure Statement. In accordance with 37 C.F.R. § 1.704(d), no negative patent term adjustment will result from this Information Disclosure Statement.

Copies of the listed foreign and non-patent literature documents are attached. Copies of the U.S. patents are not enclosed.

Applicants respectfully request that the Office consider the listed documents and indicate that they were considered by making appropriate notations on the attached form.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each or all of the listed documents are material or constitute "prior art." If the Office applies any of the documents as prior art against any claim in the application and Applicants determine that the cited documents do not constitute "prior art" under United States law, Applicants reserve the right to present to the U.S. Patent and Trademark Office the relevant facts and law regarding the appropriate status of such documents.

Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.

If there is any fee due in connection with the filing of this Statement, please charge the fee to Deposit Account No. 06-0916.

Respectfully submitted,
